Parties last about 2 hours, with additional time before and after the party for setup and cleanup.

Children usually spend about an hour and a half playing in the museum, with about half an hour celebrating the birthday with cake and presents with royal guests in "The Enchanted Kingdom."

There should be at least one adult for every five children. The adults are responsible for watching the children and monitoring their activities to make sure that they are safe. Children are to be picked up by the parent or adult responsible for them before the host parents leave the museum.
